Diyako Qadri

Frontend Developer

HERE'S MY STORY:

Creative and solutions-oriented junior frontend developer with a keen eye for user-friendly design. I enjoy developing intuitive and visually appealing web applications and look forward to continuing my growth as a developer, with the ambition to create meaningful tech solutions.

EDUCATION

Futurgames

FRONTEND DEVELOPER
2023 -2025

Education focused on front-end development, emphasizing modern technologies and tools for creating dynamic, responsive, and user-friendly web applications. Practical application and project development in a modern development environment are key aspects of the program.

LILLSVEDS IDROTTSFOLKHÖGSKOLA

CERTIFIED HEALTH COACH AND PERSONAL TRAINER
2021-2022

WORK EXPERIENCE

Youth Leader and Support Assistant

BRUNNS SCHOOL | VÄRMDÖ KOMMUN
SCHOOL YEAR 2022-2023

I have worked both as a youth leader and as a support assistant for a child with special needs, as well as occasionally substituting as a teacher when needed. Through these roles, I have developed a strong pedagogical approach and the ability to adapt to different students' needs.

Entrepreneur

GRUPPTRAINING COACH AND PERSONAL TRAINER.
2021- PRESENT

Sports have been a central part of my life, and my passionate interest in physical activity, especially in CrossFit, has been prominent. Helping others achieve improved health brings me great joy and satisfaction.

Front-end developer

REAL-WORLD PROJECT: COMPANY WEBSITE DEVELOPMENT | MAY 2024 – JULY 2024

Participated in a school project where we developed a website for a real company. My responsibilities as a front-end developer included:

- Designing and implementing responsive user interfaces.
- Collaborating with team members to ensure functionality and usability.
- Utilizing modern front-end technologies to deliver a professional final product.
- Built high-performance web applications using React, Next.js, TypeScript, and Tailwind CSS.
- Implemented multilingual support with Next-i18next.
- Broke down designs into tickets and planned sprints for efficient development.
